Confirmation of Ownership of Rights

This is to confirm that our Company, Pro.Motion Limited, owns all rights related to both paranormal programme *Pandora*, as well as the idea, plot, treatment, characters, etc of *lô-Ċavetta ta' Pandora*.

Furthermore, all the ghost stories are either part of our local and national culture or have been recounted. This means that ghost stories are public domain. Further to those ghost stories that have been recounted by personalities and viewers during *Pandora*, we already have the rights to use all stories since we had not only got them for television, but also for our publication.

In a nutshell, this is to verify that Pro.Motion Limited holds the rights of the whole concept, subject, treatment and script/s of the entire project.

Yours faithfully
